

656278 Sizzix® Bigz™ XL Die - Box #3

1. Die-cut and fold two top/bottom pieces and two side pieces.

2. Apply adhesive to all of the sharp-cornered tabs. Do not put adhesive on the rounded tabs.

3. Attach the sides by adhering the longest side tab to the middle section on each side of the bottom piece.

4. Create the front of the Box by folding the front panel up to meet the adjacent side tab.

5. Apply adhesive to the long tab on the back of the Box. You should now have three tabs with adhesive.

6. Adhere the back to the three tabs.

7. Embellish as desired.
