

## 656604 Sizzix® Bigz™ Pro Die - CD Holder

1. Die-cut CD Holder from chosen material and fold along all crease lines as shown.

2. Overlap three of the flaps, starting from the left. The rounded tab at the end of first flap should interlock with the third flap as shown.

3. Now, moving right to left, fold the remaining flaps beneath the overlapped flaps and lock the tab on top.

4. Finished CD Holder. Notice, all tabs are visible and create a flower petal effect.
