

657122 ScoreBoards™ XL Album, Photo by Eileen Hull

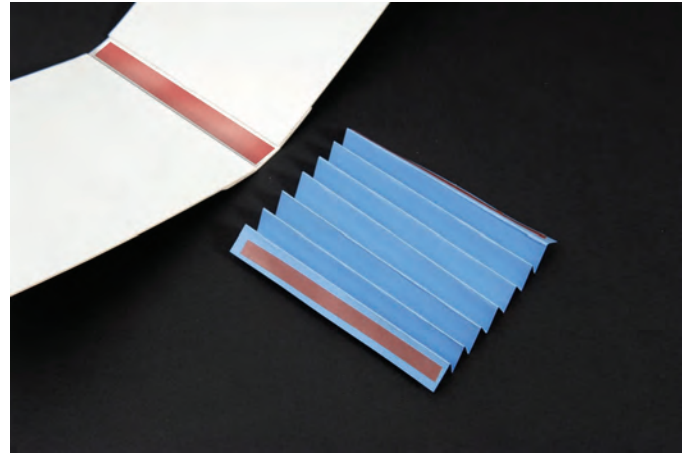

1. Die-cut, fold and apply adhesive as shown.

2. Attach front and back cover to the binding strip.

3. Print book title/Album name and place it behind frame cutout. Adhere frame to front of Album.

4. Create page anchors by accordion folding a 4" tall sheet of paper every 1/2". Apply adhesive to both ends of the accordion, and along the entire length of the spine.

5. Adhere the end flaps of the accordion to the front and back covers of the Album.

5. Close the Album while pushing the accordion back against the spine. This will keep the page anchors tight against the spine.
