

## 657125 ScoreBoards™ XL Vase, 3-D by Eileen Hull

1. Die-cut and apply adhesive to Vase side and base. Mat board may be decorated with stamps, stencils, chalk, ink, paint or printed paper before die-cutting.

2. Bend Vase side at each score line until it forms a cylinder. Adhere the two ends together so that the first segment overlaps the last.

3. Insert the base piece into the bottom of the cylinder and adhere the tabs to the inside of the Vase sides.

4. Embellish as desired.
