

## 657221 Sizzix® Bigz™ L Die - Borders, Ribbon & Scallop by Brenda Pinnick

1. Place folded felt pieces on die, lining up the folded edges to the open edge of die. Cut two double pieces.
2. Make a long running stitch along bottom straight edges. Gather them tightly, creating the flower shape. Layer one piece over the other.
3. Stitch the bottom across layers to secure.
4. Optional: Use a circle or hexagon shape to glue onto bottom to cover raw edges.
