Assembly Instructions

Before attaching handle, remove protective cap on crank shaft and discard. Then, attach handle by sliding washer over hex screw and inserting through handle and into crank shaft. Tighten hex screw with hex wrench provided in handle kit. Press end plug over hex screw until firmly sealed.

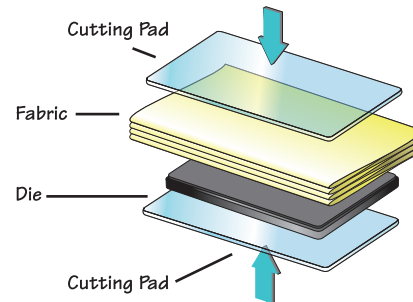

2

- Slide the sandwich into the opening of the machine. Note the rotation of the handle and continue to rotate it in the same direction until the sandwich has passed through the opening of the rollers. Remove the sandwich from the machine. Your die-cut shape is ready to use!

1

Using Bigz™ Dies

- Place a Bigz or Bigz L die on a Cutting Pad with foam side up. Place fabric on top of the die (up to eight layers depending upon the material). Place a second Cutting Pad on top of the fabric to create a "sandwich."

Bigz XL and XL 25" dies require extended and extended 25" cutting pads (sold separately)

Tips & Tricks
