

1. Die-cut from desired material and apply adhesive as shown.

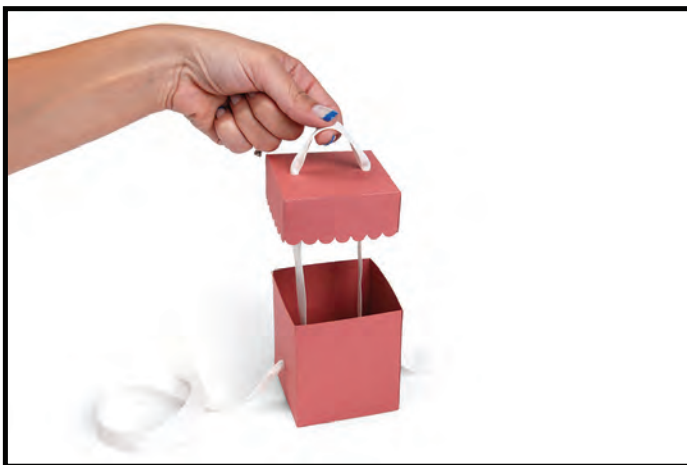

2. Connect the two Box pieces along the long tab.

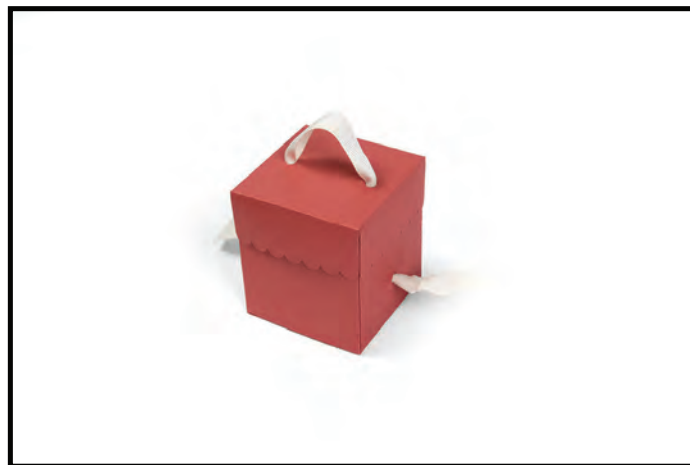

3. Adhere the remaining tab to the opposing edge to create the box. Close the bottom by folding in the small flaps, then folding the locking flaps so that they are beneath each other as shown.

4. Create the lid by adhering each tab to its adjoining side.

5. Thread ribbon or string through box.

5. Embellish as desired.
