

663204 Sizzix® Bigz™ Die - Box, Pencil by Lynda Kanase

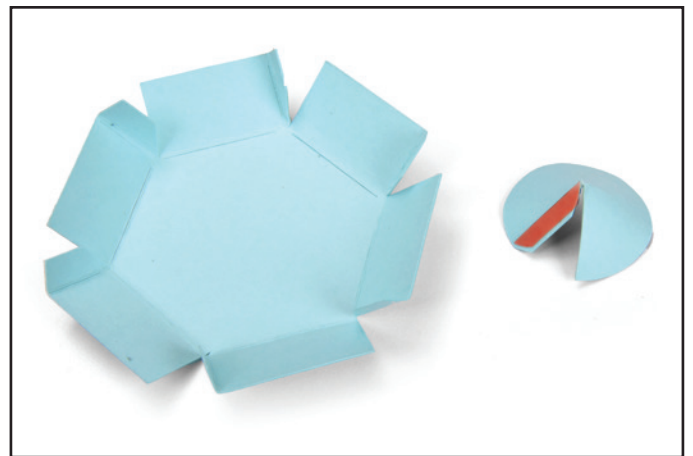

1. Die-cut out of desired material, and apply adhesive as shown.

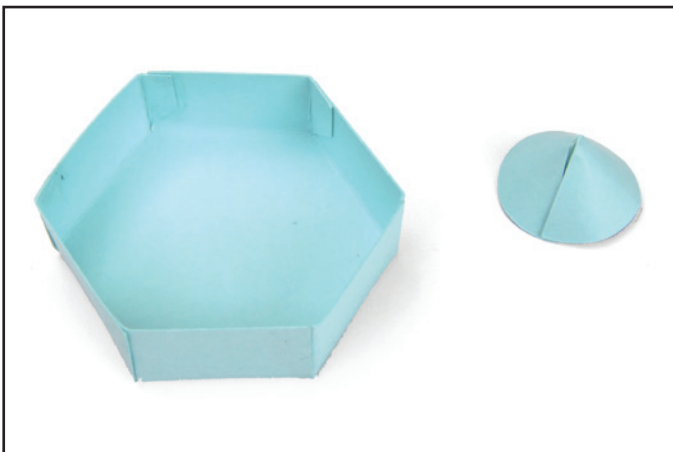

2. Adhere the long and short tabs of each side panel to the corresponding edges of another side panel.

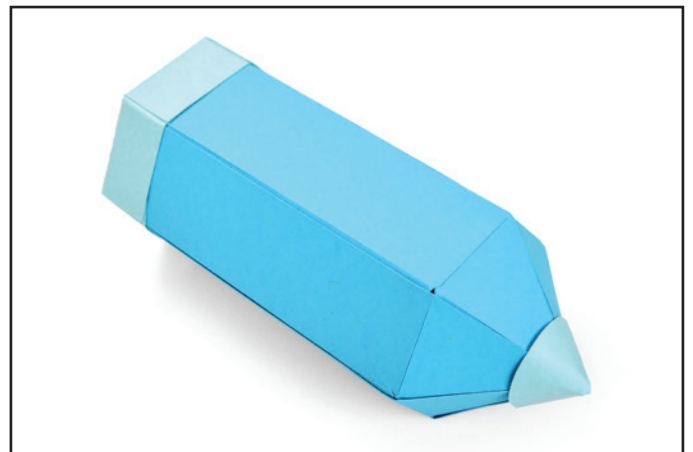

3. Adhere the final tabs to the corresponding edges to create the pencil body.

4. Form the top/eraser by folding and adhering the tab of each side panel to the open edge of the adjacent side panel. Form the tip/pencil lead by adhering the tab to the corresponding edge.

5. Finish the top and tip as shown.

6. Adhere the tip to the body of the pencil, and use the top to fill and empty the Pencil Box.
