The teacher will die-cut the materials for student use prior to the lesson.

1. Die-cut shape from desired material (Figure A).
2. Fold Box as shown and apply adhesive to side tab (Figure B).
3. Adhere side tab to opposing edge of Box (Figure C).
4. Close the bottom of the Box by first folding in the u-shaped flap. Then, fold the two side flaps over and insert the tips of the flaps into the u-shape. Insert the tip of the remaining tab into the saddle of the “u” (Figure D).
5. Use a brad to create the button on the top of the cap. Adhere the top of the cap to the top of the Box. Apply tassel or other embellishments as desired (Figure E).
